

Bay Transit Fixed Route Service

"Courthouse Circulator"

Bay Transit, along with Gloucester County and the Main Street Preservation Trust is pleased to announce a new public bus service in the Gloucester Courthouse area starting July 21, 2014. This new bus route, known as the Courthouse Circulator, will provide additional transportation within the Village and just outside the Main Street corridor. The new route will also help to increase the efficiency of Bay Transit's ongoing bus operations in the outlying areas within Gloucester County.

The Courthouse Circulator will have permanent stops along the Main Street corridor which will connect riders to several destinations between Walter Reed Hospital and Wal-Mart. This route will travel the same area for a set time period starting at 10:00 AM and running until 2:00 PM Monday through Friday, making regular stops at appointed times at each bus stop location. The new service will start July 21st and will provide **free rides** until August 31st. Each ride will be 50 cents after September 1, 2014. Our goal is to provide additional transportation service in the Village/Courthouse area during midday business activity increasing over all transportation efficiency within Gloucester County.

Service Hours:

Monday - Friday
9 AM - 3 PM

Fare: \$0.50/ride
